

Patagonia Health  
 Certification Cost and Limitations - May 2016

Capability	Description of capability	Types of Costs or Fees to be paid by a provider for the capability	Limitations (Contractual / Business Practices)	Limitations (Technical / Practical)
Direct Messaging Certification Criteria §170.314(b)(1) & (b)(2) Transitions of care: (b)(1) – receive, display, and incorporate transition of care/referral summaries.	<p>This functionality allows users to send and receive Direct-based messages to/from other users of certified health IT systems. Direct messages may include clinical data, notes, and other information, subject to the limitations noted.</p> <p>Patagonia Health Direct offerings support related Meaningful Use and ONC requirements for sending and receiving transitions of care summary documents.</p> <p>Our Direct capabilities include bundled Health Internet Service Provider (HISP) services for facilitating message exchange. However, see limitations and additional types of costs that may apply for these and other third-party HISPs.</p>	<p>One time setup cost and annual fee per staff using Direct</p>	<p>Patagonia Health uses EMR Direct (<a href="http://emrdirect.com">http://emrdirect.com</a>) as the HISP. Customers will sign a contract with EMR direct through Patagonia Health.</p> <p>One time ID-proofing is required for providers to establish trust relationship with the HIS.</p> <p>Providers can use Direct messaging to communicate with other providers who also have Direct message address.</p>	<p>Direct Messaging can be used only by providers who have Direct address.</p> <p>Direct messages can be exchanged with providers whose HISP has a trust relationship with EMR Direct HISP.</p>
Incorporate clinical lab-test results Certification criteria: 170.314(b)(5)(a)	<p>This functionality incorporates diagnostic laboratory results in to the EHR patient record. Patagonia Health has HL7 message results interface with several laboratories</p>	<p>One time setup cost per laboratory</p>	<p>Business relationship and a contract with laboratory is required.</p>	<p>Laboratory has to agree sending HL7 v2.5.1 results using standard LOINC</p>
